

## Our M.L.A. Appeals for Better Highways and Phone Service

As an example of what is being done by our local representatives in the provincial parliament at Edmonton, Geo. L. Hudson, in the interests of the province at large and this district in particular, the following which is from a report of the discussion which followed the speech from the throne, no doubt will prove of interest to all our readers:

Mr. Hudson, a returned veteran himself, in complimenting the new speaker, Capt. Chas. Fringle on his elevation to that office, said that their service overseas gave him a greater interest in offering congratulations. He said he had been glad to listen to the discussion and gain information thus given as he had returned from the front some short time before the end of last session that he felt almost like a new member in the house.

Referring briefly to public works, the speaker urged on the department the necessity of giving more attention to the north and south roads which he said were very vital and should not be overlooked. The tendency had been to consider the east and west roads the chief thoroughfares and they were important, but it was the north and south roads over which the farmers had to travel chiefly to the centres; they were the ones to which feeders eventually all would run.

In discussing telephones, like James Ramsey, the new opposition leader Mr. Hudson urged the government very strongly to give more attention to getting lines into the outlying districts, even if they had to be operated at a loss for a time. It would be a great misfortune, he said, if no service should be given simply because the lines could not be operated at a profit.

"I am prepared," he said, "not to criticize any extension made under such conditions."

Referring to the enormous increase in automobile traffic in the country, the speaker urged the government to give the municipalities their fair proportion of the license fees collected from automobile drivers.

In spite of the great advance in the cost of materials, he said that the government must proceed at once with the provision of better telephone exchange buildings about the province. The one in his town was a disgrace, not only to the department but to the province.

Speaking to Mr. Hoadley's criticisms of the government's railway policy, he said he had heard the member from Okotoks discuss the subject many times, but never with a view to hindering the building of railways. What he had always contended for was that when railways were bonded and guaranteed, they should be constructed in accordance with the terms of the contract, operated under a business administration and made to go where they were planned.

He sympathized with the early settlers in these districts and thought he recognized that blunders had been made, the time had now come when the people of the province must co-operate with the Dominion government in clearing up the situation. Get the railway built with his plan, and provide an outlet for the large population needing it.

Mr. Hudson also agreed with Mr. Ramsey that the province should make a determined effort to get its natural resources.

In conclusion, Mr. Hudson made a plea for leniency in dealing with soldier questions. No doubt the returned men were inclined to be irritable sometimes. They had seen things which had made them realize the value of co-operation and they had come back deeply rooted in the idea of all joining together to build up Canada and their province.

## S.S.B. INFORMATION REGARDING LAND IN TOWNSHIP 43

The following letter from S. Maher, secretary of the soldier Settlement Board, at Ottawa, under date of February 19th, 1920, has been handed to us for publication, and will no doubt be read with interest by many of our readers:

"Sir—Referring to your petition dated the 4th of October last, to throw open for filing or for lease to returned soldiers, all the available land in Township 43, ranges 2 and 3, west of the 4th meridian, as a number of returned men in the district were desirous of acquiring those lands, may say that the available lands in 43-3-4, which are at present reserved for public grazing purposes, have been inspected by the Board and found to be totally unsuitable for soldier settlement purposes, and therefore the matter is entirely outside our jurisdiction.

We have advised the Deputy Commissioner of Dominion Lands, Department of the Interior, that the lands reserved for public grazing purposes, in this township have been inspected and found unsuitable for soldier settlement, and therefore if any returned men desire to secure any of these lands under entry or lease it will be necessary for them to make application to the department in the usual way.

With regard to township 43-2-4, may say that according to the records of the department, there are no lands reserved for public grazing in this township, same being practically all ship, same being practically all settled.

There are one or two quarter sections in this township, however, that appear to be available for disposition and we have requested our district superintendent to have these parcels inspected, as soon as the weather conditions permit, and when his report is received we will notify you."

Dick Bell, who last fall sold out here and went to the coast to live was in town this week. He has sold out again, and is now going to make his home in Edmonton.

## CALDER GETS REVENGE IN RETURN MATCH

In a moderately fast game played at the rink on Saturday evening last, the Calder team demonstrated their superiority over the local puck-chasers by defeating them to the tune of 5-3, although it is only fair to point out that the locals were lacking men on the sick list while the visitors looked to the scribe more like a second division.

The "Hustlers" than a purely Calder team. In fact we have seen some of their faces in classy university play and railroading is indeed far from their usual pursuit.

However, the game was fairly clean, and only on three occasions was Referee Washburn called upon to "stick 'em on the fence"—these were all visitors, too!

In the first period Wainwright kept their opponents down to a shut-out while finding the net a couple of times, but after the "breather" the visitors sure came back strong and managed to "slice the goalie" for five points. Our boys were a shade slack on combination in this period and despite lots of speed and several splendid shots could not notch another tally.

In the third twenty minutes the whole bunch were fired with ambition, and the Calder team sure had all they knew to hold their own; getting an egg for the score board, while the home team found the net once more. This, however, was the best they could manage and the game ended as above stated.

The line-up was as follows: Wainwright—Goal—Calder, Smith—C. point, D Stanton—P. point, F. Stanton—Greer—C. rover—Geddes—Richardson—C. centre—Perry—Hodgins—C. wing—Lenord—Pigeon—C. wing—Jett—Quebec—C. sub—McIntosh—Timekeepers: Lunnett and B. Blain.

Referee: W. E. Washburn. Goal summary: Calder, Jett, 2; Geddes, 2; Lenord, 1; for Wainwright, Pigeon, Greer and Hodgins.

## ASPEN ITEMS

We are sorry to report so much sickness in the district and wish all the sufferers a speedy recovery.

The many friends of Mrs. Hansen, who recently moved to Lacombe, will be pleased to know she is recovering after a severe attack of pneumonia.

At the election which took place at the Aspen schoolhouse Geo. Otterholm was head of the poll with 27 votes.

Owing to sickness in the district all public meetings have been cancelled for the month of March.

We will surely have lots of moisture this spring for it is reported that over six and a half feet of snow has fallen on the level.

The latest fad around here seems to be bug parties. It was a jolly good time at any rate, but we would like to know a little more about it.

On Thursday last, Harry Moore, who has been working in the city for some time, returned here with a cartload of effects and has taken up residence on his farm north of town.

## WEDDING BELLS

BRADY-CARBERT

A wedding of interest to a large number of Wainwright people was that of Miss Margaret Ellen, youngest daughter of the late Mr. W. H. and Mrs. Brady, to Roy Brown Carbert of Edmonton, which took place on Wednesday afternoon, Feb. 25th, in St. Martin's church, Glenora, Calgary, the Rev. H. Wilfrid performing the ceremony in the presence of a large number of friends and relatives.

The bride, who made a real charming picture in a dress of white satin trimmed with all white lace, and wearing the regulation veil and orange blossoms, carried a bouquet of bridal roses and carnations. She entered the church on the arm of her youngest brother, Robert, to the strains of Mendelssohn's Wedding March played by Mrs. Brakenburg, and was attended by her eldest sister who was attired in navy blue satin draped with georgette crepe. Mr. Robert Brady acted as best man.

The little Misses Edith and Sadie Brady, nieces of the bride, acted as flower girls. During the signing of the register Mrs. Wilfrid sang very sweetly "The Bells of St. Mary's" and at the close of the marriage ceremony (at the request of the bride) the congregation all joined in singing "Blest be he that binds the knot."

The groom's gift to the bride was a beautiful cape, pendant set with pearls, and to the bridemaid and best man respectively he gave a cameo ring and a pearl stick pin.

Immediately after the ceremony at the church a reception was held at the home of the bride's mother, when about thirty were present and a sumptuous wedding dejeuner was served.

Many good wishes were showered upon the happy couple, and the numerous presents of silver, cut glass and other costly gifts mark the esteem in which they are held.

Mr. and Mrs. Carbert left on the midnight train the same evening for Edmonton where they will in future reside, the bride's travelling costume being a suit of navy blue with large picture hat to match.

Mrs. Carbert has been a prominent member of St. Martin's church, and for a number of years has held the position of organist at that edifice, and is also well known in musical circles having appeared in public on several occasions.

## LOCAL NOTES

The time has now arrived when all owners of motor vehicles must have their licenses for the year 1920, and notices from provincial authorities gives information that the Motor Vehicles Act is to be strictly enforced.

The Clar-Ru Ladies Orchestra are playing a return date at the Elting Theatre on Monday evening next when a big dance will follow the screen attraction.

On Sunday last Miss Sophie Kenny left town to assume her duties at the Royal Alexandra hospital in Edmonton at which institution she has been admitted as a probationer.

Reg. Henry, an old townsman, was up from Calgary for a few days last week end.

## CURLERS HOLD CLUB BONSPIEL TO CLOSE SEASON

This week the local curlers are holding their inter-rink or club bonspiel, and the draws in the first of three events to be played for among the ten competing rinks have resulted as follows:

W. E. Brown vs. Dewar  
Moffatt vs. Fish  
Chapman vs. Perkins  
Gerow vs. Clute  
D. O. Brown vs. A. Mills

On Monday evening, playing was commenced and the Dewar and Moffatt rinks were victorious over the rinks skipped by W. Brown and F. Fish respectively.

Tuesday night's play saw the Clute rink go down to defeat at the hands of the team skipped by Gerow, while the Perkins aggregation were victorious in the play with the V. Gramhines.

The personnel of the ten competing rinks is as follows: G. Murray, J. H. Mills, J. Hadlund and F. Perkins, skip; J. Robinson, J. B. Johnson, W. Pigeon and A. E. Mills, skip; C. K. Low, M. Hyatt, C. H. Rowe, and J. L. Gerow, skip; C. T. Derry, P. Wiley, W. E. Washburn and W. E. Brown, skip.

W. A. Prosser, D. W. Davison, J. Forrest and D. O. Brown skip. C. Bremner, G. Steel, Dr. Wallace and H. A. Clute, skip; J. Curry, J. Sutherland, R. F. Connor and P. Dewar, skip; G. Richardson, H. W. Kemp, A. Hadlund and J. Moffatt, skip.

Rev. N. Priestley, Dr. Wiley, R. B. Bowerman and F. W. Fish, skip. O. J. Elder, W. Lawrence, C. W. Bowen and V. E. Graham, skip.

The sacrament of the Holy Communion will be observed at the morning service at 11 a.m. at St. Andrew's church on Sunday next, and a preparatory service will be held on Saturday evening at eight o'clock.

## LIVE STOCK ASSOCIATION

At a meeting held in Wainwright recently, and attended by stockmen of this district and the territory along the G.T.P., east it was decided to form a stock association to be known as "The Wainwright Stock Association."

Many topics of interest to stockmen were discussed which will be brought before a future meeting to be held in the Courthouse on the evening of March 16th. The election of officers was also deferred until the next meeting, as it was felt that the gathering was hardly representative enough.

It is the intention of those present at the first meeting that the new association will publish a Brand Book in conjunction with the Vermilion association and also any other associations contingent to the district to be served by the new organisation.

There is little doubt that the new association will be of great assistance to the stockmen along the G.T.P. and it is hoped that there will be a much larger attendance of stockmen at the meeting to be held on the 16th inst.

## Gilt Edge M.D. Holds Election Divisions 1-3-5

Very little excitement was evinced on Friday last over the elections which were held for three councillors of the Gilt Edge M. D., these being for Divisions one, three and five.

At the polling place, on division one, Messrs. Greer and Perkins, the result giving the seat to the last named to represent division three.

At the polling place for division two, Messrs. Challenger and Otterholm were the two candidates, Mr. Otterholm being elected, while for division five Messrs. McNern were the nominees and the voting showed the former to be the selection.

The following are official returns: Division 1.—Otterholm, Geo., 27; Challenger, J. E., 6. Division 3.—Perkins, Fred, 45; Greer, M., 43. Division 5.—McNern, J., 38; Traynor, F., 28.

## ALBERTA BUTTER TAKES 1st, 2nd, 3rd

Judging was recently completed at Winnipeg of the greatest exhibit of creamery butter ever made in Canada at one exhibition. The greatest interest centered on the "all Canada" competition which is open to the whole dominion, 8 prizes being offered, the first of \$100.00.

There was 70 entries in this year, and Alberta took first, second and third places, Quebec fourth and fifth, Montreal sixth and Quebec seventh and eighth.

## GILT EDGE GOSSIP

W. A. Harris has returned from Lloydminster where he has been looking after his cattle interests.

Ed. Goddard has had the misfortune to lose one of his valuable horses. He was unhitching the team, when they became scared and bolted with the sleigh. They got entangled in a wire fence and one of the animals impaled itself so badly on a fence post that it had to be shot. Our sympathies, Ed.

Ted himself had a very narrow escape from serious injury in attempting to stop the runaways.

We are pleased to report now that practically all the invalid population of this district are on the road to recovery.

Hal Plaxton has returned from Indiana to this district after an absence of five years. Hal thinks there is no place like Gilt Edge.

Wm. Tutthill, an old-time resident, was around renewing acquaintances this week being the guest of Mr and Mrs Geo. Babb.

He visited his old homestead again after being at the front for practically five years and said to say found that while he had left everything in good order, during his absence his place has been broken into and everything movable taken off. Even the floor of his shack has been taken up and the fences broken down and the wire carried away. It's pretty hard home to fight for his country, to find on his return that some of those who stayed behind have been guilty of such vandalism.

Don't forget the meeting of the U.F.A. on Tuesday, March p.m.

George Powers, late of Coal Spur, is visiting friends here being the guest of McLennox Brothers. He sure looks fine after a hard winter in the mountains.

The annual dance of the local Orange Lodge will be held in their hall here on the evening of March 17th. It is to be a real "hard times" affair, so if you wear a white collar you will be fined. Come and have a real good time.

C. G. Istved arrived back on last night's train from his trip to points in Manitoba. Charlie is certainly not tired of hard work yet for he talks of going back into the farming business.

Something entirely new is being arranged to take place at St. Luke's catholic church on the "17th of Ireland" in the form of a box social and card party. See the advt. on another page.

The town of Vermilion is sure right up to date now. A 24-hour service has been inaugurated, and they have contracted to sell enough power to make this pay.

A LITTLE TALK  
BETWEEN OURSELVES

Just a word about the publishing of a newspaper.

As soon as one issue of The Star is in the mail we commence preparing for the next. In order to get the paper out on time—which is no mean feat on Wednesday—we must start to set type on Saturday for the following week's edition. This may seem strange to some of our readers, whose only question with regard to the paper is: When do you go to press? Going to press in the least of our troubles. If we set type on Saturday, Monday and Tuesday, we "go to press" on Tuesday evening with the first ad and on Wednesday morning to complete the edition; and in a couple of hours we have printed all that takes a whole week to prepare.

Announcements that were made sometimes days before, are often brought to us or else reach us by mail last thing on Tuesday night, and although they are times when this cannot be avoided, it is better by far to help out as much as possible by seeing that the editor is made acquainted with this news as early as possible.

We like to get the items as soon as possible because we can't do a week's work in one or two days and do it right. A good plan to adopt is to get your news items into the hands of the editor or into the office when they first occur to your mind; for "when we go to press" has nothing whatever to do with when we set the type.

This same rule also should be adopted by advertisers, viz: Don't wait until the last minute to prepare and send in the copy, prepare it in lots of time and then the whole week will go better and we will be able to give to all—advertiser and subscriber alike—the service which is our aim, and which makes the local paper a powerful asset for the advancement of the town's interest as a whole.

FARMING IS  
REAL BUSINESS

Organisation, co-operation, and education are going hand in hand throughout the agricultural districts of the country in the opinion of W. J. Rutherford, dean of the Saskatchewan college of agriculture, who expresses his views as follows: Farming is not the

independent self-contained occupation that it was a generation ago. Conditions have changed from the pioneer days and production has not only to do with supplying the demand of the home, but it must aim to create an export trade. It is a real business, successfully carried on by men and women who are not only skillful in the art and practice, but are versed in the science of agriculture. Farmers today are not content to know only how to grow good crops, they want to know also how to market them to good advantage. They are interested in the economic problems of their own communities and to a great extent in the problems of their customers in the city. Agriculture is both industry and commerce, and affects both the rural and the city population. The agriculturist of today is not merely a practical farmer but is necessarily a social worker. Rural communities all have problems which require college trained men to solve.

NEWSPAPERS  
ARE REJECTING  
LARGE CONTRACT

At last one of the leading catalogues of the business in the west seems to have suddenly taken cognizance of this fact, that the local newspaper is "the worth considering as an advertising medium, and has asked an advertising agency at high standing to secure a price on a considerable amount of space to be used by it within the next year in a large number of the country weeklies.

Of course, the small-weekly editors felt flattered, and the money offered (amounting in the case of The Star to nearly \$400.00) looks good, but we believe that most of them will do the same as we have decided to—thank them for the offer, and refuse the business, just because the publishing of such advertising on the part of the paper, which stands up loyally for its own sphere of operation would be very bad ethics, apart from the fact of its suicidal policy. The modern editor does not

claim to be a philanthropist, but we would hasten to explain that this is not all philanthropy—he can justify his stand on this matter by good sound business reasoning—we cannot help wondering if the business of the smaller towns appreciate the efforts of the local newspaper man and the consideration he gives to their interests by shutting out of his columns that which in his judgment detracts from a true community spirit and the best interests of the district in which he gets his support. As we feel that when catalogue merchants from distant cities are willing to spend even a larger amount in a small country paper as the average town merchant, then surely the business men should "sit up and take notice" and make good use of the means so close at hand for assisting and advancing their own business.

As our readers will notice by a perusal of the advertising columns The Star is carrying now practically 100 per cent. of our merchants' announcements, and this fact proves in a great measure our contention mentioned above that real loyalty to the home town will bring loyalty to the individual therefore read and study the advertisements, and SHOP AT HOME.

## PUBLIC NOTICE

### JUDICIAL SALE of FARM PROPERTY

PURSUANT to the judgment and final order for sale there will be offered for sale by Stephen B. Bowerman, auctioneer, at the Town Hall, in the Town of Wainwright, Alberta, on

Sat. the 6th Day of March, 1920, at the hour of TWO o'clock in the afternoon.

The South Half of Section Thirteen (13) in Township Forty-five (45) in Range Eight (8) west of the Fourth Meridian in the Province of Alberta,

excepting all mines and minerals and subject to the reservations and conditions in the original grant from the Crown or in the existing certificates of title.

The vendor is informed that the lands are situate 2 miles from Fabian on the G.T.P. railway, where there are an elevator and post office, and 8 miles from Wainwright.

That the soil is a good black loam with a heavy clay subsoil and the land save for a small proportion is level. That about 225 acres are broken and now in stubble. That there are a dwelling, house, barn, well and complete fencing on lands in a fair state of repair. The property will be sold subject to a reserved bid.

The terms of payment are 10 per cent. Cash on day of sale, and the balance within sixty days thereafter without interest.

In other respects the standing conditions of sale of the Supreme Court of Alberta as approved by the Master will govern.

Further particulars may be had from Messrs. Fieldhouse and Hunter, barristers, Wainwright, Alberta, solicitors for the Vendor.

J. HAWKESWORTH, A.D. Clerk Supreme Court

Approved: H.C.T. (SEAL) L. J. 3-30

### LETTERS to the EDITOR

The Editor—

Dear Sir, I would like to draw the attention of the young men who have lately been attending the dances at the Rosedale schoolhouse, and who usually travel on horseback, that it is a punishable offence to tear down fences and make common trails of private property (and

leaving the gates open, too). There are, I believe, road allowances all through this district, and if there are not any hereabouts it is high time that our councillors get busy about them. "A word to the wise" should prove sufficient. Old Resident.

### MAYFIELD NEWS

John Muddle's comic song was a missing feature at the last club concert. Sorry to hear that John is on the sick list.

Dave Hamilton spent a profitable time fixing up our barn at the school, and it is now much more serviceable and comfortable for the animals.

Our Literary Club is certainly proving a big attraction and is a profitable one for the district educationally, too.

A small party from Gilt Edge was over for the Literary Club whist drive. We are hoping to see them often and that they will join up in the club.

### HAPPENINGS OF LOCAL INTEREST

**BORN**—To Mr and Mrs J. Carroll, on February, 23rd, a son.

**BORN**—To Mr and Mrs T. Trace, of Edmonton, on February 18th, an eight pound girl. They were former residents of this town.

Congratulations to these happy parents.

Miss Merle Mabey returned to Edgerton on Sunday's train after a visit to her parental home.

Mrs H. P. May welcomed her brother from the city on Sunday to pay a short visit.

Tomy Bisson was away this week visiting several places east of here along the G.T.P.

Walter Adams, of Pabian, was a visitor to town over the week end.

Dr Wallace was a business tripper to the city last week.

Dr Middlemass made a trip to Ribstone on Sunday, being accompanied by his little girl Josephine.

A truly welcome visitor arrived in town on Friday last in the person of Mr George Hudson, our M.L.A., who has just returned from an extended trip with his bride. They left for Edmonton again on Saturday where they will stay till the close of the present session of parliament after which they will return to the farm.

#### TOO LATE TO CLASSIFY.

**LOST**—Team of Mares; one grey and white and one bay with white face; knot tied in mane of both; short tails; no brands on either animal. also Bay Horse, branded on right shoulder—Finder notify King Restaurant, Town, and get reward. 17-3p

**FOR SALE**—Two Milch Cows due to freshen in April.—Apply—Robt. Jones, 26-44-5, 2 miles north-west of Heath... 17-3p

#### PERFECTLY SATISFIED

is the good word from our customers. Tests accurate, good prices paid and satisfaction to those who ship their cream to us. Be a customer now.

**MEADOW CREAMERY COMPANY, LIMITED**

Mrs Thomas McAfee, from Quinton, Sask., is a visitor to town, and is spending a holiday with her aunt Mrs Arthur Martin on the farm.

W. McKay, junior, was up to the city last week end, where he was an attendant before the Medical Board regarding the progress of his war injuries. He is about the same, according to his doctor.

Mr H. L. Hoegh is under the doctor's care these days, and we extend hopes of a speedy recovery.

Mrs A.C. Armstrong's baby has been very sick for the past week but is now recovered.

Mrs Cliff. McNair, of Rutland, Sask., is spending a short holiday with her parents Mr and Mrs Tom Cooper.

His many friends will be glad to know that W. S. Clark who has been somewhat under the weather since his return from the east, has now fully recovered.

We learn that Mr F. Pawling is still suffering from his foot ailment and will likely have to undergo prolonged treatment. During Fred's absence from the Merchants Bank Mr McGowan, from Manville, is "holding down his job."

The Busy Bee Sewing Club will hold their next meeting at the home of Mrs Wiley, Third Ave. E. on Saturday next at 3 p.m. sharp.

Mr and Mrs A. G. Smith, of the Buffalo Park, left on Wednesday for a short stay in the city, combining business with pleasure.

Owing to the necessity of the periodical inspection of the boilers at the power house, the "juice" was off for a night last week.

W. Blinn welcomed visitors on Sunday, his brother R. E., accompanied by his wife and baby, from Transcona, Man., arriving for a short holiday.

H. V. Fieldhouse was a business visitor to Viking at the end of last week.

Pete Polaro returned to the city on Saturday after a stay in town with relatives.

N. S. Kenny was up to the city on business during the past week.

Mrs J. Tansley, returned home on Monday after accompanying her husband to the city where he is undergoing chiropractic treatment.

We are getting perturbed at the mistakes which appear in the Edmonton Bulletin from their Wainwright correspondent. The funny part is that when these same mistakes invariably "get by" the editor of The Star in our issue preceding their appearance in the city paper. Nuff said. We feel honored!

The tenth annual convention of the Alberta Educational Association is announced to be held in Calgary on April 6th, 7th and 8th.

## A \$10.00 PRIZE

Will be paid to the party who sends in the best verse consisting of four lines, one of which must be—"For it pays to deal with us"

The verse must consist of FOUR lines, and the above line must be one of them. It makes no difference whether this line, is the first, second, third or fourth but it must be contained. The word "us" must rhyme with the last word in a preceding or following line.

This contest is open to all readers of newspapers where we have a branch yard and the contest will close April 1st. This advertisement will appear for two weeks only.

Get your thinking caps on and mail your verse to—

## De Laval the BEST

As a result of over thirty years of separator experience and an expenditure of many thousands of dollars for experiments, The De Laval Separator Co. is enabled to offer the prospective buyer a machine that has no equal for the separation of cream from whole milk.

The De Laval is the only separator which contains the genuine split-wing device. Without this device the disc bowl is but a very slight improvement over the old style hollow bowl.

The De Laval saves enough over any gravity setting system in butter-fat, quality of cream, sweet skim-milk, labor, time and trouble to pay for itself every six months.

The De Laval has received all highest honors and first prizes at every important Exposition, World's Fair, etc. held within the past thirty years, and is the only separator which is used in every country in the world.

There can be no better recommendation for the De Laval than the fact that the men who make the separation of milk a business use the De Laval to the practical exclusion of all other makes. They know from experience
